FOR IMMEDIATE RELEASE, MARCH 1, 2010

Mill Log Wilson Equipment Ltd. Hires Outside Sales Representative for Alberta

Edmonton, AB – Mill Log Wilson Equipment LTD. announced today the hiring of Karl van Thiel as an Outside Sales Representative. Karl will be involved with the sales of parts, service, and transmission components for our highly successful Twin Disc Distributorship within the Alberta region. He will work closely with Service Manager Ed Lazarenko and Operations Manager Dean Belcourt at the Edmonton, Alberta service facility and will report to Mill Log Wilson Equipment LTD. Director of Sales and Marketing, Don Lindsey.

"Karl has a high level of technical knowledge and brings extensive industrial experience to our team", said Lindsey. "As a former oil patch mechanic and parts representative for Mill Log Marine, Burnaby, BC, Karl has the knowledge and expertise to take Mill Log Wilson's sales and service efforts to another level."

Mill Log Wilson Equipment LTD. serves as a distributor of high quality Twin Disc transmissions, pump drives, power take-offs, and clutches within the Industrial and Marine equipment industries.

About Karl van Thiel

Karl has an extensive background in the industrial industry and worked for several years as a heavy-duty mechanic. He had previously worked in the oil patch and for the Burnaby, BC branch of Mill Log Wilson Equipment Company. Karl resides in Edmonton, AB and enjoys spending time traveling and never misses an opportunity to be in the outdoors mountain biking.
