

# MILL LOG MARINE HIRES PARTS REPRESENTATIVE FOR BRITISH COLUMBIA

FOR IMMEDIATE RELEASE

February 1, 2012

Burnaby, BC- Mill Log Marine announced today the hiring of ***Thomas Gora*** as a Parts Representative. Thomas will be part of the Parts Department and will work closely with the team to uphold **Mill Log's unwavering commitment to customer satisfaction.** Thomas will report directly to Mill Log Marine Parts Manager, Danny Salas.

“Thomas is a heavy-duty certified mechanic from BCIT and has exceptional customer service skills”, said Don Lindsey, Director of Sales & Marketing. Lindsey also stated, “Thomas understands the mechanical process of the marine and industrial equipment that our components are used in, this experience combined with his desire to assist our customers, will make Thomas an excellent addition to our team.”

Mill Log Marine serves as a distributor of high quality Twin Disc transmissions, pump drives, power take-offs, and clutches within the Industrial and Marine industries. In addition, Mill Log Marine also specializes in Thordon Bearings, Funk Pump Drives and Deublin Rotating Unions.

## **About Thomas Gora**

Thomas has a strong background in heavy-duty mechanics as well as extensive experience working in a parts & service distribution. Thomas attended BCIT where he obtained his ticket in HD Mechanics. In addition, he has extensive experience in working with customers and troubleshooting mechanical systems. Thomas previously worked for ADP Distributors as well as Canadian Tire.
